NO. 79.

DIED LIKE SPARTANS

**Horrible Story From Siberia
That Shows Highest and
Lowest Traits of Hu-
manity**

St. Petersburg, April 2.—Horrible accounts are reaching St. Petersburg of cannibalism and starvation among tribes inhabiting the Arctic plain of the Chukotka peninsula, at the extremity of Asia, east of the reindeer died of starvation during the winter of 1904-05 leaving the inhabitants without means of communication or food.

During the last winter whole tribes have died and members of the Omolons and Oloiya tribes, when facing starvation, assembled in council and decided that nothing remained but death. They agreed that each head of a family should kill his wife and children and then commit suicide. The tribesmen gathered on a plateau covered with snow and ice and in the darkness of the Arctic winter the Spartan decision was reached, not a single member of the two tribes surviving.

More revolting still is the story of what occurred in a family of the Yukahr tribe. A mother and nine of her children having died of hunger, the father, a surviving daughter and a nephew lived upon the remains, and when they were consumed, the father murdered the nephew.

A Russian named Dolganoff, who went to the region to buy furs, reported the situation at Yakutsk, Siberia. He entered a snow hut of a Yukahr family while the latter were eating the head of a murdered relative.

WILL INDICT WOMAN

**Mrs. Le Doux Must Face
Charge of Killing A. N.
McVicar**

(Four O'Clock Edition.)

Stockton, Cal., April 2.—Albert N. Sullivan, former district judge of Plattsburgh, Neb., and uncle of A. N. McVicar, arrived this morning, and offered his services to aid in prosecuting Mrs. LeDoux. He says he wants justice not revenge. J. E. McVicar, his brother, leaves tonight with the remains for Wichita. The grand jury is now in session and, it is supposed, will return an indictment against the woman.

Immigration Awakens Suspicion.

Washington, April 2.—The arrival of 25,000 immigrants has aroused the suspicion of labor leaders that the foreigners are being imported to work in the mines. Inspectors have been sent to Kansas City and Indianapolis to ascertain the motives of one lot of 150 Greeks sent to one address in Kansas City, and another lot to one address in Indiana.

Talk About Rates.

Washington, April 2.—State railroad officials from all the states are attending a national convention of the National Association of Railway Commissioners. Rate making and regulation are the principal topics.

Hanged a Dozen.

Pietermaritzburg, South Africa, April 2.—The twelve natives over whose execution the trouble between the colonial and imperial governments arose were executed here today.

COAL OPERATORS WEAKEN

**Indications Are That the
Miners Will Win on the
1903 Scale**

Terre Haute, Ind., April 2.—It is announced that six companies in this district have made overtures toward signing the 1903 scale. The miners expect more from other parts of the district immediately.

Indianapolis, Ind., April 2.—Reports from all parts of the bituminous fields on the first day of the strike show all is quiet. The signs of the operators yielding are increasing. Mitchell expects far more than the expected 50 per cent of tonnage will be represented by the operators, signing the 1903 scale. In the Wellston, Ohio district operators offered to pay the scale for the present, but would not sign the two-year contract.

Columbus, O., April 2.—The mines are idle, but all except three of the biggest in Ohio are expected to resume under the 1903 scale within 15 days. The operators in many districts have notified the miners that they are willing to sign the 1903 scale.

Coshocton, Ohio, April 2.—William Green, president of the Ohio miners, expects most of the miners in the state will be working in 60 days.

Seranton, Pa., April 2.—Every colliery in Lackawanna valley is idle. The streets show no indication of a strike, as the men are remaining quietly at home.

Springfield, Ill., April 2.—It begins to look like a complete rout for the operators in Illinois. The miners' headquarters are busy at the telephone all day receiving requests for permission to sign the scale. The supplant operators will be unnamed until after the operators' meeting in Chicago tomorrow.

Miners Celebrate.

Springfield, Ohio, April 2.—The miners are celebrating installation of the eight-hour day. The celebration this year is unusually jubilant, in anticipation of the victory in the impending conflict. All signs point to a defeat of the operators in Illinois.

Miners Parade.

(Four O'Clock Edition.)

Johnstown, Pa., April 2.—Over 3000 miners of the Berwind White Coal Co. at Windber, paraded the streets this afternoon. There has been intense excitement. The mines, employing 5000 have been non-union for years, but recently organizers have been in the field working up sentiment. The company has posted notices granting the 1903 scale, consequently it was surprised when the employees paraded. The owners say they will close the mines rather than recognize the unions.

Gas Trust Quits.

Washington, April 2.—Ambassador White and Minister Gummere, the American delegates at Algiers, wire that a complete agreement on all questions has been reached. There only remains the drafting of the general act. The agreement will probably be signed Saturday.

Plan Assassination.

Madrid, Spain, April 2.—Spanish authorities have discovered an anarchist plot in Ibriza, 29 miles from Seville, to assassinate the royal family during the king's visit during holy week. Censorship prevents the giving of details.

Chicago Markets.

Chicago, April 2.—Wheat, 77½¢@77¾¢, corn, 44¼¢@44½¢; oats, 30½¢@30¾¢.

Burglarized Saloon.

Burglars entered the "Pastime" saloon on Commercial street sometime Sunday evening after 10 o'clock, and got away, carrying with them 16 bottles of various kinds of liquors, a box of cigars and \$2.25 from the till. The invaders gained entrance through the office door. A pane of glass was broken from the door, and the burglar pulled the night latch and entered. Fortunately the party did not ransack the office desk in which some \$50 had been left. The city officers have been at work on the case, but no clue has been found.

FULTON ACCEPTS CHANGE

**Will Stand by the Amend-
ments of Hepburn Bill,
Providing for Review**

Washington, April 2.—Senator Fulton, of Oregon, who consistently supported the Hepburn bill, notified his colleagues today that he would accept an amendment restricting the right of review to judicial inquiry into the constitutionality of the order, and providing an early hearing and determination. He defended the senate from attacks of magazine writers and declared the senate was not dilatory. He said the questions up for hearing were momentous and require the greatest consideration and calm deliberation, in order that no law should be passed hurting public interests, corporate or otherwise.

DR. WITHEYCOMBE HERE.

**Republican Gubernatorial Candidate
Will Make Aggressive Campaign
Against Democratic Opponent.**

Dr. James Withycombe, of Corvallis, Republican candidate for governor, was in the city last evening, says the Albany Herald of Sunday, on his way from Salem to his home. He has filed his petition, and is ready for the primaries, when, according to the reports coming from all parts of the state, he will doubtless be nominated to head the Republican ticket at the June election for the position of chief executive of the state of Oregon. From all parts of the state come the most encouraging reports to Dr. Withycombe, and it is becoming more evident every day that he is one of the best campaign organizers in the state, and it is conceded by the most skillful politicians that he is a successful campaigner. If he is as vigorous and careful in his campaign for the election as he has been in the primary campaign, he will come nearer polling the party vote than any other man in the state. He is a man of action, a speaker of ability and a rapid thinker, and will give a good account of himself when the time comes. On every public question he has boldly and fearlessly taken a stand without quibbling or equivocation, and his opponents have left him severely alone throughout the campaign.

These Candidates Filed Today.

The following candidates filed with the county clerk today:

A. G. Miller, Republican candidate for constable for Silverton district.

M. J. Valkenburg, Republican committeeman for Silverton precinct.

Roy S. Wiley, Republican candidate for justice of the peace for district of Silverton.

P. N. Coleman, of St. Paul, for Democratic committeeman from that precinct.

Fred Palmer, for county clerk on the Democratic ticket.

D. V. Vaughn, of Silverton, Or., for Democratic representative from Marion county. He takes pledge No. 1.

HE IS HERE AGAIN.

You'll find him everywhere you go. And with free hand he spends his dough.

He never seems to sleep or eat. He's always seen upon the street.

He hustles 'round to beat the band, And gives each one the good, glad hand.

If formerly he passed you by, He now tries hard to catch your eye.

It seems he does his best to know The health of Bill, and Jim and Joe.

He never fails each babe to kiss; (A most unpleasant task is this).

His name, we scarcely need to state—He is the festive candidate.

Is the Moon Inhabited?

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure headache, biliousness, malaria, chills and fever, jaundice, dyspepsia, dizziness, torpid liver, kidney complaints, general debility and female weakness. Unequaled as a general tonic and appetizer for weak persons, especially for the aged. It induces sound sleep. Fully guaranteed by J. C. Perry, Druggist. Price only 50c.

JONES BREAKS RECORD

**Makes a Score of 11 Hits Out
of 12 Shots, and Is Prob-
ably a Winner**

(Four O'Clock Edition.)

San Diego, April 2.—The Pacific squadron will return here Thursday and remain three weeks. In the target practice Perry beat Paul Jones, record of last year, but Jones eclipsed his previous record. On a pointer from Nelson, Jones made a record of 11 hits. It is believed this wins the President's trophy, but other ships are to be heard from.

Iowa Democrats Will Celebrate.

Des Moines, Ia., April 2.—The Democrats of this state will celebrate the anniversary of the birth of Thomas Jefferson by a banquet at the Savoy hotel this evening. Jefferson was born April 13, 1743, but this early date was selected for the banquet for the sake of convenience, as it would not have been possible to secure the attendance of some of the principal guests of honor. Another reason is that this afternoon, immediately after the banquet, representatives of the Democratic clubs of the state will hold a meeting at the club room of the hotel, to receive reports of the conditions in the various sections of the state and to discuss plans for the coming campaign. Among the principal speakers at the banquet will be Governor Folk, of Missouri, Governor Johnson, of Minnesota, and Mayor Dunne, of Chicago.

TO FIX STATE LINES

A. M. Crawford, attorney-general of the state of Oregon, is in the city, accompanied by State Engineer Lewis both hailing from Salem. These gentlemen arrived here for the purpose of consulting Hon. Harrison Allen, of this city in the matter of the important issues involved in the boundary dispute between the state of Washington and the state of Oregon, as to the exact boundaries of the line that marks the north and south boundary between the two. The case is in full litigious shape and in the supreme court of the United States. Complaint, answer and reply, and the preliminary steps are now underway toward securing the best and most applicable testimony. Numbers of well-informed men hereabout are to be interviewed, including all the pilots and mariners familiar for long years with the lines and bearings and marks pertinent to this grave issue, and later on, this testimony will be reduced to writing and put in proper condition for presentation and discussion in the great tribunal at Washington. This state will be represented by Attorney-General Crawford, United States Senator C. W. Fulton and Hon. Harrison Allen, and the Evergreen commonwealth by Attorney-General John Atkinson and Assistant Attorney-General E. C. McDonald, and two other prominent attorneys from Seattle. The case will be heard in October, and it is hoped will be settled for good and all, and without detriment to either of the great contestants.—Astorian.

Circuit Court Notes.

Judge Burnett convened department No. 1 of the circuit court of Marion county at 1 o'clock today. The grand jurors drawn were W. T. Rigdon, Salem; H. T. Hayes, Monitor; Paul Kleppin, Salem; J. M. Morley, Silverton; John McCormick, Woodburn, foreman; Richard W. Carey, Silverton, and T. G. Chestnut, Liberty.

Philip Mullen, A. B. Siegmund and George G. Gans were chosen bailiffs. Judge Barnett instructed the jurors as to their duties, and they repaired to the jury room with District Attorney McNary.

To Be Buried Here.

The body of Hugh Spong, who died in Spokane Friday, will arrive on the evening train. He is a brother of Captain A. J. Spong, of this city, and visited at the home of his sister, Mrs. Rose Treibert, in North Salem, about a year ago. The interment will be at the Bethel cemetery.

ELIJAH SECOND GOES UP

**Fired Bodily by His Followers
Who Select a New Ruler
for Zion**

A Chicago dispatch Sunday shows that Dowie's people utterly repudiated him. It is as follows:

In the most sensational meeting ever held in Zion City, John Alexander Dowie, erstwhile czar of the Christian Catholic Church of Zion, was utterly repudiated today by his wife and son, by Vice-General Overseer and by 6000 communicants who gathered at Shilo tabernacle this afternoon.

Mrs. Dowie publicly denounced her husband for alleged wrongs. Deacon Speicher, lately dismissed from the place now held by Voliva, declared Dowie is insane. Gladstone Dowie, only son of Elijah II, joined with Voliva and his mother in the repudiation of the former leader. Voliva himself, encouraged by his associates in authority, refused absolutely to obey the cabled orders from Mexico by Dowie that Overseer Granger be dismissed summarily from his place.

Chicago, April 2.—Following the sensational action of Sunday, in which Dowie was deposed from the active leadership of Zion, the deeds of transfer were filed at Waukegan, Illinois this morning, thus legally anticipating any move Dowie might make. The documents turn over to Deacon Alexander Granger, as trustee for the people of Zion, all the property of the city, aggregating millions. Overseer Voliva filed the deeds.

The power of attorney Dowie gave to Voliva when he came from Australia, made this action possible. A warranty deed conveyed all the property, real and personal, in the name of Dowie, even the prophet's bed, to Granger. The household effects, horses, carriages, machinery in the mills, and every thing is shorn from the apostle.

A telegram was sent to Dowie saying: "Your telegram was read, and practically all endorse Voliva's administration and Speicher's reinstatement. Granger's retention is made deliberately, and for the purpose of emphatically protesting against your extravagance, hypocrisy, misrepresentation, exaggeration, bad investments, tyranny and injustice. You are hereby suspended from all offices and membership in Zion for your polygamous teachings and other grave charges." Signed Voliva and Board of Overseers.

Blew Out the Light.

Frank Brosig, who lives five miles east of Silverton, committed suicide Sunday afternoon by shooting himself with a shot gun loaded with small shot. The discharge took effect through the left breast, and was made while Brosig was sitting on a bale of hay in a small outhouse at a little distance from his dwelling house.

He leaves a wife and nine children, one of whom is Missie Brosig, who is employed in the state printer's office, and Mrs. Mary Davenport, who lives in Washington.

The interment will be in the Mills cemetery, and the services will be conducted by the Rev. A. Emsen.

Brosig was 64 years of age, and was a native of Wittenberg, Germany, and came to America in 1873. There is no reason for his rash deed, other than despondency.

A Suit in Partition.

Sarah J. Jory, et al., plaintiffs, vs. Alice Shug and Albert Shug and J. W. Ransom. Is the title of a suit entered in department No. 2 of the circuit court for Marion county. The plaintiffs pray for a decree partitioning a piece of land containing 54.46 acres in the corner of section 31, t 8 s, r 2 w, and that a mortgage held by J. W. Ransom be decreed to be a lien upon that part of the premises which will be set apart for Sarah J. Jory.

Marion County Fruit Growers.

The first regular meeting of the Marion County Horticultural Society will be held at the city hall here Saturday, April 7th, at 1:30 p. m. Governor Chamberlain will probably be present, as will also Professor R. E. Lable, of the O. A. C. Local fruit growers will discuss matters pertaining to the business, and all interested in fruit growing are requested to be present.

CHICAGO STORE PEOPLES BARGAIN HOUSE
